**ATTENTION ALL WOBURN PEDIATRIC  
NORTH ANDOVER PEDIATRIC  
WOBURN PEDIATRIC PSYCHOLOGICAL SERVICES  
PATIENTS – CHANGES EFFECTIVE JANUARY 1, 2020**

IMPORTANT INFORMATION – PLEASE READ and do not discard – **\*INSURANCE CHANGES\***

Our practice continues to strive toward the very best in quality medical care for all our patients, which brings us to the decision to leave our current partnership and join the Pediatric Physicians Organization at Children's (PPOC). This partnership affords our patients the care and convenience of a local community pediatrician and access to the Boston Children's Hospital Network.

In making this move we are aligning our practice with one of the best pediatric hospitals in the country to better serve our patients. As we make this move, there are some changes that we must bring to our patients attention.

- 1) **Attention all MassHealth Wellforce/Fallon ACO patients.** We will be leaving Wellforce Fallon effective 12/31/19 and joining with Children's Hospital ACO: Tufts Health Together with Boston Children's ACO. All patients will be able to continue with their current specialists. PLEASE WATCH FOR INFORMATION COMING YOUR WAY FROM THE STATE AND MAKE SURE WE ARE STILL LISTED AS YOUR PRIMARY CARE PHYSICIAN, PCP. You will not need to do anything with this change except make sure we are listed as your PCP.
- 2) **\*There are some insurance plans that we will no longer be contracted with.** These are:

**Cigna Local Plus  
Fallon Direct Care  
Humana – All non-Choice Care PPO Products  
Tufts Health Unify & Tufts Together MCO  
Tufts Select, Spirit & Steward Plans**

Please call us if you have any questions and remember you can also check with your insurance company to be sure they are contracted with our practice after January 1, 2020. If you have a plan listed above, please speak with your place of business or H/R department to change to another offered insurance plan.

Sincerely,

Woburn & North Andover Pediatrics & Woburn Pediatric Psychological Services
